

Collage Pop-Up™ Flags

COLLAGE GRAPHICS

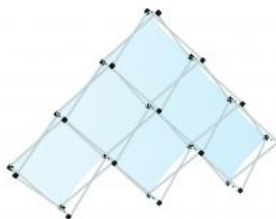

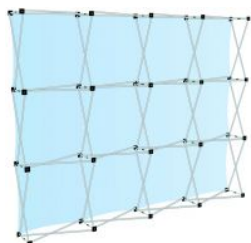

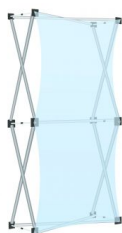

High impact 720 dpi Dye Sub Printing on a virtually 'wrinkle free' stretch fabric, designed and engineered for this application.

Please use the Flag Dimensions to the right, when preparing art work for OUR Flags. Different printers use different fabrics with varying degrees of stretch, & therefore sizes may vary. Images distort towards graphic perimeters and button holes, with minimum or no distortion toward the centers.

Note: Flags are stretched to the four points of contact with frame, please keep essential design elements (logos, text) at least 3'-5" from edges to have less distortion. When designing keep in mind focus point is 3'-5' from outer edges.
