Testritevisual.

Visual Merchandising
Visual Communication
Visual Presentation

Imagine the possibilities...

Testritevisual.

Testrite customers recognize the importance of integrating graphics into their Visual Merchandising, Communication and Presentation environments. Graphics grab attention and convey messages in a tasteful and effective manner.

Our dedicated, experienced staff of inside sales people, project managers and designers work closely with customers to ensure project success. We pride ourselves on listening carefully. Challenge us. Leverage our 100 plus years of experience, know how, and existing tooling.

Testrite has earned an extraordinary reputation for quality and reliability. Durability, clean design, and providing value have always been emphasized, a win for our customers.

Because we manufacture in the U.S., our supply chain is shorter, "greener," and we routinely provide customizable solutions quickly and cost efficiently, whether assemblies or complete products.

From project inception to production and roll out with full logistic support, Testrite is ready to work with a sense of urgency to get the job done well.

On behalf of the entire Testrite staff, we wish to thank you for your past and future business.

Testrite - a tradition of Quality, Reliability & Value

1940 Testrite Catalog Cover

History

1919 Herman Neuwirth, son of immigrants, starts sweeping floors in a factory in NYC. Herm works himself up to Sales Manager then leaves to found Testrite as an Importer of Visual Instruments.

1931 WWII - Testrite evolves to a full-time manufacturer, supporting the war effort by producing examination lamps, devices, stands and lenses made to Government and AT&T's specifications.

1940 Testrite addresses a new opportunity – the amateur photographic market. Manufacturing Enlargers, Tripods, Darkroom, and Lighting equipment for Sears, Montgomery Ward and others.

1961 Testrite invents the Aluminum Artist Easel. Herman an amateur artist, realized aluminum had big advantages versus wood – weight, strength, non-warping etc. Stanrite Easels becomes a known brand.

1980 Testrite Display Easels become a requirement for all Amway (direct sales) distributors. Testrite invents the flipchart easel bar and Flipchart Easels became an important Office Products category.

2023 Today we help Brands & Retailers and many others capitalize on their Visual Merchandising, Presentation, Communication and Display opportunities.

Made in USA + ESG

Testrite proudly manufactures in the USA and for over a hundred years has offered a terrific value proposition. Testrite is vertically integrated, experienced and capable of working with urgency as needed.

Unlike our importer competitors, our inputs from US metal mills are more regulated with better Environmental controls and no inbound steamship carbon footprint.

Our aluminum, steel, corrugated, and plastic inputs specifically include an ever increasingly percent of recycled content. Cartons are made in house and all scrap is recycled responsibly.

We believe in reducing, reusing and recycling. Testrite's telescopic aluminum assemblies and products are lightweight, portable and effective.

Ethical governance with an emphasis on quality and promises met. A diverse American workforce that is experienced and enjoys full benefits. Testrite Visual – an American manufacturer especially proud of our world class quality!!

Communication Merchandising Presentation Displays

Visual Opportunities Everywhere

Customer Base

Retailers and Brands, their Visual Merchandise and Store Planning departments, associated Digital Printers, Marketing, Logistics and Installation companies.

Large format Digital Printers who realize that the more competitive display options they can offer to their client base, especially customizable ones, the more printing they will sell.

The Trade show Exposition Industry, the Event Industry, Promotional companies, Ad Specialty companies, Sign Distributors and Retailers, P.O.P. companies, the Store Fixture Industry.

eCommerce and other resellers across many industries and businesses that are able to resell our products and earn good margins doing so.

O.E.M. companies that buy assemblies and complete products. They rely on our fabrication, quality, and reliability. Our ability to customize and quickly get it to market cost effectively is key.

Value Driven

Functionality, durability and clean design are guiding principles, yet no criteria is more important than providing value. Value is engineered into every product.

Value is achieved because we have over a hundred years of experience, a large inventory of existing tooling, and are extremely vertically integrated. Virtually all our products are made in house.

We are especially proud of our American workforce and feel we can out work, out design and out produce our foreign competitors to deliver value across all our lines.

Catalog = Idea Book

Because the products in this catalog are almost all manufactured in house, we gladly customize designs to meet your unique needs (quantity required).

Whether a custom color, a custom size, or a totally new product that uses similar materials as an existing product, we are ready to offer options for quantity opportunities.

Product innovation is customer driven by experienced design, project manager, and art teams that work closely with you, the best customers in the world.

WE WANT TO HEAR FROM YOU!

Please explore this catalog to see how innovative visual merchandising, communication and presentation displays can be used in your environment successfully.

Imagine the possibilities... Customer Driven Product Innovation

Tradition of Service & Reliability

A tradition spanning over 100 years and four generations, family owned and operated.

End to end service including quick quotations, speedy prototyping, quick roll outs, drop shipping, kitting, labeling, tracking spreadsheets, and more.

Innovative, solutions driven, a sense of urgency, decades of existing tooling and know how, a superior quality level, with value across the board.

Fully Integrated

Great design, engineering, art and customer service teams with a can do attitude yielding the very best creative and effective solutions.

Products are made with tools and dies to ensure conformity and quality. Limited Lifetime Warranty except light boxes which is one year.

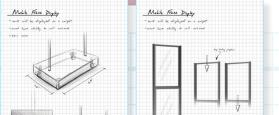

Dye Sublimated printing. Lots of fabric choices and mounting methods with an in house graphics department to support and guide.

As an American manufacturer you can count on excellent service, spare parts availability and support when needed.

IS OUR SPECIALTY

From Customer Pencil Sketch To Successful Roll-out

your concept.

our engineering & execution.

Quoting

Metals

- Aluminum A lightweight metal, non-magnetic. Anodizes and powder coats well.
- Steel Three times the weight and strength of aluminum but a third the cost making their relative utility a "push" value wise. Powder coats very well.

- Powder coating An electrostatic process whereby plastic polymers get fused to the metal with excellent coverage and adhesion. Any color is available including textures & glimmers. Good on aluminum and steel.
- · Anodizing Appropriate for aluminum, not steel. Virtually all our aluminum tubing is stocked in house in an etched and clear satin anodized finish.

Packing

· Boxes and inserts are manufactured in-house because of the importance of getting the product to market intact.

Packaging design and box making done in-house!!

Featuring:

- Strong 1/2" square steel tubing
- · Handsome matte black finish
- 14" center to center J Hooks
- · Variable arm & upright lengths
- Different upright & base choices

- Electrically welded construction
- · J hooks for easy graphic mounting
- Single or double wing arms
- · Straight or curved style arms
- Bulk Packed

Stellar Case Markers™

CounterTop

All these options provide two sided viewing

Attach rigid graphic with rings. Round base.

Graphic sits in channel of upright. Rectangular base.

Rigid graphic hangs from steel J hooks. Square base

Custom Double Post Stellar Signage Stands™

Working collaboratively with our customers. We can design and produce in house what best suits your opportunity.

Full - Rapid Development of Custom Rollouts with Full Logistical Support. Custom Starting at Qty 25+

Customize To Your Needs! Rail Options • Rails can be Extruded Profiles, Round or Square Shapes, cut to size and finished in virtually any color.

Design a Perimeter Rail to match your visual merchandising vision

Rail Connections

• Hang-On Perimeter Rails can be connected in series.

Modular system.

Upper and Lower Tier Perimeter Rail Systems

Double Rail System

- · Allows staggering or layer effects for signage
- Rails can be Extruded Profiles, Round or Square Shapes, cut to size and finished in virtually any color.

Modular system. **Customize To Your Needs!**

Mounting Plates

· Laser cut steel electrically welded, powder coated finish.

Hangers

• Formed to hang from rail, all metal, powder coated finish.

Modular system.
Customize To Your Needs!

Great use for

- Sign
- Frames
- Placard
- Structures
- Panels
- Boards
- Graphics
- Mirrors
- Light Boxes
- Cubby Covers

Hanging Graphics

• Place hanging graphics anywhere along bar. Offers the versatility merchants want to be able to reposition their products.

Inexpensive Barn Door hardware available.

Valance Perimeter Rail System™

Hanging Graphics Hardware

Steel Strip

• Great for category level signing also known as lower tier rails. Using on valances is common.

Great in store marketing signing can help to promote a cohesive store design

Steel Strip is mounted to a wall, then a 1/2" square tube is attached in front.

Fitting and Puck

Attach fitting and puck to the sign and hang on rail.
 Sign simply sits atop rail and is movable along rail.

Strap, Fitting and Puck

• Attach strap, fitting and puck to the sign, then hang from rail. Hang anywhere along rail.

Universal Ceiling Tracks™

Hanging Graphics Hardware

Designed to be used with plaster, wood or suspended grid ceilings

Universal Track Sets

For plaster or wood ceilings, white finish

- · Aluminum alloy tracks
- · Includes glide hooks.
- · Hooks snap in track anywhere
- UTS8 comes in 2 sections with joiner inside and threaded holes in top of extrusion

Model	Length	# Hangers
UTS2	24"	2
UTS4	48"	4
UTS6	72"	6
UTS8	96"	8

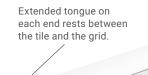

Plaster & wood ceiling hardware

Grid Divider Universal Track SetsFor suspended drop ceilings, white finish

- · Locate signage where you want
- · Includes glide hooks.
- Hooks snap in track anywhere
- For 24" square tiles or 24" x 48" tiles (across the short side)

Model	Length	# Hangers
UTD	24"	2

Amazing versatility of design. Change signage placements easily and often for refreshing new looks.

All rails over 93" are in 2 sections (unless customer specifies otherwise)

Sliding Cross Tracks

- Aluminum 3/4" x 1" alloy track
- · Clip-on intersection plates (2)
- · Includes glide hooks
- · Hooks snap in track anywhere
- UTC8 in 2 sections

Model	Length	# Hangers
UTC2	24"	2
UTC4	48"	4
UTC8	96"	8

Suspended Rod Kits

For big box stores and others with high ceilings.

Cut rod and sheath to length, clean threaded ends with a file, mate with couplings.

Suspended Rod Kits

- 3-1/4" diameter ceiling plate
- Threaded rod with white sheath
- Two 1/4-20 steel couplings
- Steel spring clip to attach to top of Universal Ceiling Track
- White finish

Aluminum Case Grippers

Hanging Graphics Hardware

Ingenious gripper snaps closed after graphic insertion with incredible strength, torque and care.

Supports for the Digital Image Revolution

- · Artists everywhere are printing on metal panels, and the images are often eye popping
- Increase impact by using our new Floating Stand Off Mounts - today's new modern way to display digital prints
- Prints are set off the wall an inch creating a floating frameless effect, with no visible hardware

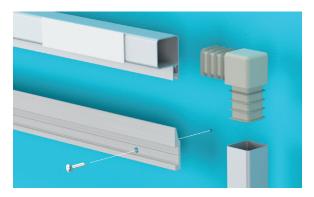

Graphic attaches to StandOff Mount with High Bond Tape.

Color

High Bond Tape is supplied to hold graphics to StandOff Mounts.

Floating StandOff Mount hangs from wall cleat.

Components - Available in kits or a la carte

Right angle push in corners.

1" square aluminum, quick, tool-free assembly.

Top section hangs from wall cleat.

Wall mount cleat includes mounting holes.

Security options available to "lock" frame to wall.

Float your Digital Print Off the Wall

- Our new Floating StandOff Mounts a dramatic approach to display your digital prints
- Prints are set off the wall creating a shadow effect to add depth, framelessly, with no visible hardware
- Our system hangs on the wall with an intrinsic "French Cleat" design

The Ultimate in Presentation Convenience!

Our American made frame is the unsurpassed standard in Quality and Value.

These units "Pop-UP" and assemble in minutes. Graphics can stay attached to frame when closed.

Presto Pop-Up displays are ultra easy to set-up and the amazing quality dye sub graphic ensures maximum impact.

Curved Presto Frame PFK43C, GF43BC graphic with end panels.

Presto Pop-Up Accessories™

Tension Fabric Structures

EPB1 End Panel Brackets

Facilitate the wrapping of the sides, adding 25" to total graphic width. A bracket is needed for each outer hub and assembly is easy. Both straight and curved units can have their sides wrapped.

Completely enclosed on 4 sides

Front, back and sides, End Panel Brackets are required, plus an extra Velcro® brand hook perimeter.

PFK32 straight frame, EPB1 end panel brackets, 32VB extra hook perimeter, GF32A and a GF32B graphic.

Curved unit with end panels:

PFK43C curved frame, EPB1 end panel brackets (8), GF43BC graphic face.

Marquise Shaped Steel Weighted Base

PFKWB Laser cut. Must be ordered with frames, as we pre-punch matching holes. Weight 8 lbs.

· Join frames together, call to determine quantity.

EPB1 Brackets easily attach to frame with screws.

Presto Pop-Up Accessories™

Tension Fabric

SuperWide Presto Pop-Ups" - A Virtual Portable Billboard

- Incredibly easy, two minute set-up without tools
- · Graphic stays attached to frame in bag
- · Hook perimeters included
- · Ultra lightweight alloy tubes
- · Matte silver finish
- · Adjustable leveling feet

YDU636-S Double Upright Stand with CRPA25 Pocket Arms and (1) YST-36-S Shelf.

SignPost Double Upright Stands™

Merchandising Displays

SignPost™ Double Upright Stands (Note: 96" Uprights are in 2 sections)

- Two aluminum alloy uprights
- Two 16" square bases
- · Two set height crossbars
- Four aluminum pucks
- · Satin silver or matte black finish
- · All metal, super sturdy

SignPost Walls Available

Call Our Friendly Sales Staff.

Modern Frameless Design - Adjustable Depth

- · Attract buyers with single or double sided graphics
- · Our unique M shaped Steel Base assemblies accommodate up to 1" thick substrates
- · Extremely cost effective; graphics are displayed in a modern frameless fashion. Extremely sturdy as all the weight is centered on the floor
- · 3-1/2" Height off floor, 9" front to back
- · Interior holes with carriage bolts and wing nuts support any rigid graphics. Make matching holes in graphics or use without holes by sandwiching graphic above the carriage bolts

INFO & POLICY

Terms: Open terms are strictly 1% 10 days, net 30 days, FOB factory, Hackensack, N.J. pending credit approval. Find credit application on website. Custom products are normally paid for at time of order, and are non-cancelable and non-returnable. **Shipping:** Via UPS and truck, FOB factory, Hackensack, N.J. Standard catalog products normally ship in 2-3 days in small quantities, 7-17 days for large quantities. Custom product lead times vary. Drop & blind shipping available.

Orders: Email: Orders@Testrite.com, Phone: 201.543.0240. Fax: 201.543.2195, Sales, customer service & technical representatives are available. Full support is available in English, Spanish & Portuguese. EDI available for frequent purchasers.

Custom Products: Quotations for "Specials" are offered quickly and are encouraged. Please fully test your custom product by getting a sample before ordering. Lead times are typically under promised and over delivered.

Samples: Samples are available and can be quoted on request.

Prices: Recommended "List" prices are established for all catalog items and deep re-seller discounts are available. Current pricing is on website in the customer log-in section. Prices are subject to change &/or typographical error.

Country of Origin: Over 96% is made in the U.S. including all the aluminum, steel, tubing and castings. Some components such as travel bags, plastic parts are imported.

Neither the seller nor manufacturer shall be held liable for any injury, loss or damage from use of such product.

Product Specifications: Subject to change due to our continuous improvement program and material or commodity shortages.

Catalog Errors: The catalog has been reviewed to present information and prices as accurately as possible. If an error is found in description or price, we reserve the right to correct it. PRICES ARE SUBJECT TO CHANGE AT ANY TIME.

Returns: For standard catalog items only in quantity up to 5 units. A 25% restocking fee plus freight must be paid in both directions. Please call our customer service for a written return authorization. No returns will be accepted without such authorization. Custom products are usually not returnable.

Damages & Shortages: Please report these within 48 hours. Note all problems on Parcel Manifest or Bill of Lading when signing.

In Summary: We pride ourselves on working closely with our customers and responding to their needs. Our entire staff is dedicated to ensure quality and service. Rely on Testrite® for well designed product, short lead times, and value price points.

Jeffrey Rubin, President

Disclaimer: Purchaser determines suitability of all product usage and assumes all risk & liability.

LIFETIME WARRANTY

Testrite offers a limited lifetime warranty against defects in materials or workmanship affecting the quality and function of its products when used in the correct manner.

The determination is solely Testrite's and its obligation shall be limited to providing replacement parts.

Lightbox warranty differs and is available on our website.

COLOR POWDER COATING CHOICES

Matte black and satin silver are our standard color choices, but we can match most

GREEN POLICY

Input: Aluminum, steel and corrugated are our major material components.

25% of our Aluminum currently comes from recycled billet, and will increase as more becomes available. Steel recycled content currently averages 58%. Corrugated medium and liner board (boxes) currently average 70% recycled content.

Where: As a U.S. manufacturer, Testrite utilizes local suppliers reducing transportation impact. The carbon footprint of a Toyota Prius built in Asia is greater than a Chevrolet Suburban.

Design: Many of our designs are telescopic, facilitating less packaging and transportation.

Process: 88% of our scrap metals are recycled. 60% of our corrugated waste is converted into usable packaging. We will recycle our brand products no charge if returned to us by customers.

Quality: Testrite products have always been known for extraordinary reliability and therefore have longer lives than our competitors' products. If our products last longer, the carbon footprint is therefore less. Product life impacts the environment more than any other factor.

Our policy is to run our business with our earth in mind.
